Featuring Guilford, Maine Made in USA

Located on the shores of the Piscataquis River in Guilford, Maine, a state known for its forest products, Hardwood Products Co., LLC utilizes white birch timber for all of its wood-manufactured products.

We only purchase responsibly sourced wood from local loggers.

Hardwood Products began as the Minto Toothpick Company in 1919 originating in Saginaw, Michigan. One year later, the factory in Guilford was acquired. The business expanded and relocated to where an abundance of white birch was available.

Hardwood has been a family-owned business since its inception and remains in that same family today.

We offer hundreds of different products and have the ability to custom make a product for you. We also offer custom printing,

Gold Bond ®

ICE CREAM STICKS

High Quality Woodenware since 1919

With our Gold Bond and Trophy brands, Hardwood Products Company, LLC supplies high-quality woodenware to the food service and dairy industries, to industrial and craft customers, and to other companies for a wide variety of applications.

All of our woodenware is made from Northern White Birch. This wood is chosen and milled for its light color, smooth surface, tight grain, and tensile strength. It's the ideal material for products ranging from ice cream sticks to round dowels.
